

DOCK LEVELER

METRO DOCK VERTICAL LEVELER

ENERGY EFFICIENT. ADDED SECURITY.

Metro Dock's Vertical Storing Dock Levelers are perfect for food and beverage handling facilities, cold storage and other applications requiring environmental or security control. When not in use, the dock is stored in an upright position, allowing the overhead door to close to the pit floor. This feature provides clear access to the loading area for easy cleaning, reducing the risk of debris or pests entering the building.

Key Features and Benefits:

- For capacities of 40,000 lbs. up to 50,000 lbs.
- I-beam constructions
- Multi-viscosity oil
- 1 HP North American made powerpack.
- Any voltage. Self-contained adjusting valves
- Automatic fall-safe protection
- Maintenance strut supports deck for inspection and maintenance
